## Update on Extended Online Classes

Dear Parents,

Namaste

We sincerely thank you for your undeterred support and cooperation during the ongoing online learning sessions. Your understanding and partnership have enabled us to ensure uninterrupted learning for our students despite the challenging weather conditions.

As advised by the respected **District Education Officer (DEO)**, and with the safety and well-being of our students and staff as our foremost priority, the school management has decided to **continue online classes until further notification**.

The weather forecast indicates the possibility of continued heavy rainfall and unpredictable conditions over the coming days. As a precautionary measure, we believe it is in the best interest of our students to avoid unnecessary travel and continue learning safely from home.

Please find the detailed timetable for Friday, 31<sup>st</sup> July 2026 attached with the circular for your reference
